Sixty-Fourth Year

Canyon, Texas

Wednesday, June 3, 1959

Number 8

## Busy With a Problem

Bynum Morris, son of Mr. and Mrs. Mike Morris, figures on the operation of a casting reel in preparation for the annual Jaycee Fish Rodeo Saturday.

## Second Annual Jaycee Fish Rodeo Set Saturday at Ben Lippold Ranch

Get your poles ready—and dig some worms—because the second annual Jaycee Fish Rodeo is set for Saturday with seven prizes in two divisions.

The Rodeo will be held on the Ben Lippold ranch, the same location as last year. It is 9 miles west of Canyon on the farm to market road, and 2½ miles north to the Lippold gate. Signs will be posted to show prospective fishermen to the creek.

The contest this year will be in two divisions, those under nine years old and those from 9 to 14. The top age limit is 14.

Prizes will be given for the largest perch, largest catfish, and the most fish caught. There will be five prizes for the most fish, second most fish, third most fish, etc.

The Rodeo will begin at 1 p. m. and end at 6:30 p. m. The judging will be held after the close

of fishing. Rules for the Rodeo are: 1. Age limit 14 years; 2. Fishermen should not bother cattle nor wander away from the creek; 3. Only worms can be used for bait, and each fisherman should furnish his own; 4. Trash must be put in barrels that will be provided; 5. No adult may fish; 6. Any type of rig may be used; 7. All bass must be returned

## Permit Total Drops in May

Building permits issued by the City of Canyon fell off during May, with only five permits valued at \$49,250 being issued.

The year's building total now stands at \$293,300. Included in the permits during the past month were two new residences, repair of a residence, addition to a residence and a six-unit apartment building. Permits issued were:

Don Standley, 101 28th Street, apartment building, May 1.

Bruce B. Blackaby, 610 19th St., repair residence, May 8.

J. P. Hammons, 1405 Eighth Avenue, residence, May 15.

Stanton Elliott, 3206 Conner Drive, residence, May 25.

Z. J. Steen Jr., 2310 Eighth Avenue, addition to residence, May 26.

## Kiwanians Slate Charter Night

A charter for a Canyon Kiwanis Club will be presented Friday at 7:30 in a charter night banquet at West Texas State College cafeteria.

George Blackwell, president, will accept the charter from Carlos "Cotton" Clover of Odessa, a governor of Kiwanis International.

Toastmaster for the event will be Clayton Cook, a lieutenant governor. Pinky McCollum, president of the San Jacinto Kiwanis Club of Amarillo, will present gifts from area clubs. The San Jacinto Kiwanis is sponsoring the local group.

E. T. Cummings, treasurer, will accept the gifts.

The Rev. Allan Brockway will give the invocation.

Other officers are C. C. Callaman, vice-president; Bob Griffith, secretary; Wesley Cox, Elton Cox, Jozach Byrd, George Ritter, Gene Morrison, the Rev. Brockway and Dale Killingsworth, directors.

## Direct Gripes To League Prexy

Gripes about the operation of Little League teams should not be directed to the managers of the teams, League President Dr. R. P. Jarrett said this week.

He said that several parents have been talking with the managers, who have a big enough job without the interference of outsiders. "The managers have the responsibility and give so much time, and I think they should have a free hand to operate their teams as they think," Dr. Jarrett said.

to the water; 8. All entrants should be accompanied by adults.

Neither the Jaycees nor the Lippolds will be responsible for accidents.

Judges for the Rodeo will be Woody Pond, Lippold and Don Singleton. Helping conduct the Rodeo will be L. J. Witkowski, Mike Morris, Larry Jacobs and the three judges. Singleton is chairman of the Fish Rodeo Committee.

A concessions stand with sandwiches and cold drinks will be operated by the Jayceettes.

Merchants donating prizes for the Fish Rodeo are Warren's, The Pharmacy, H. R.'s Greenhouse, Canyon Sports and Marine, Thompsons of Canyon, Inc., M. E. Moses, Cooper's Market, Chamber of Commerce, Bellah's Super Market, Western Auto, Canyon Drug, Bruce Blackaby Ford, Taylor and Sons, and Metropolitan Life Insurance.

## Methodist Pastors Are Not Changed

No changes were made in Methodist pastoral appointments here when the Northwest Texas Methodist Conference met last week at Abilene.

The Rev. Doyle Ragle was returned as pastor of the First Methodist Church, and the Rev. Allan Brockway was returned as director of the WT student center.

## Fans Wanting Chairs in Stadium Must Order Tickets by July 1

Buffalo football fans who want seats in the section with chairs and electric plugs in the new Buffalo Stadium must order their season tickets before July 1, Athletic Director Frank Kimbrough has announced.

Kimbrough said that a contract for the chairs has been signed, and the company said chairs ordered after July 1 cannot be guaranteed for the 1959 season.

Season tickets must be ordered in order to get seats in the chair section. Priority for filling orders goes to the "500 Club" first, then to others who donated to the stadium fund, and on down the list.

Kimbrough said that people who would like to sit together at the games should order their tickets in one envelope so the ticket office

## Curtis Stroup Burned in Freak Gin Pole-Electricity Accident

Curtis Stroup was seriously burned early Friday morning when the gin pole on a truck he was operating came in contact with an electric power line.

Sheriff L. S. Johnston said Stroup was picking up a motor in the rear of the Thornton Dewey home north of Canyon. The gin pole on the truck, which belongs to M. A. Hollabaugh, got tangled in the wires of a power line.

The charge from the line, which carries 13,000 volts according to Southwestern Public Service men, came through the truck and through Stroup. Stroup was standing beside the truck, with his hands on the controls that operated the gin pole and winch.

After the charge hit him, he was thrown to the ground, and writhed there. He called for help, and was heard by the wife of a Mexican laborer on the Dewey place. She called her husband, who drives a tractor at night, and was asleep at the time, and he went to help Stroup.

In the meantime, Stroup began crawling away from the scene, and crawled about 100 yards into a field, stopping twice to pull off his shoes. The laborer caught up with him in the field and brought him to the hospital.

Sheriff Johnston said Stroup was burned on his left arm and in the

palm of his right hand, and on both feet. The accident occurred about 5 a. m.

## Start Charter Voting Today

Absentee voting for the Home Rule Charter election begins today with ballots available from the city hall.

The election will be conducted on June 23. Absentee voting ends June 20.

Included on the ballot with the proposition for the Home Rule Charter are the names of candidates for two commission posts which will be created if the charter is adopted.

Voters should mark both parts of the ballot, even though they may vote against the charter. In marking the ballot, voters should scratch through the statement they do not favor, and should scratch through the candidates' names they do not wish to vote for. A space is provided for write-in votes for commission candidates.

Copies of the proposed charter were mailed to voters during the third week in May. Any voter who did not receive a copy may obtain one by contacting the city hall.

An explanation of the provisions of the charter will be presented in a mass meeting at 7:30 p. m. June 16 in the 47th District Courtroom in the courthouse. All voters are invited to the meeting, which will be sponsored by the Canyon Chamber of Commerce.

Eligible to vote in the election are residents of Canyon who have a valid poll tax receipt or are eligible for an exemption.

## Margaret Juniper Is Valedictorian

Margaret Juniper, daughter of Dr. and Mrs. Walter Juniper, was named valedictorian of Canyon High School at commencement exercises Friday in West Texas State College auditorium.

Her four year average of 96.92 gained her a state scholarship at any state supported college or church-related school. She will attend the University of Texas.

Mayla Atkinson, daughter of the Rev. and Mrs. Strauss Atkinson, was salutatorian with an average of 95.39. She received a scholarship to a church-related school and will attend Hardin-Simmons University.

Highest ranking boy was John Menke, who had a 92.97 average.

Raymond Wesley received the Canyon Classroom Teachers and the Future Farmers of America scholarships. Both are based on need. The FFA scholarship is given to a student planning an agriculture career who has made outstanding achievements in vocational agriculture. The Classroom Teachers scholarship is not necessarily given to someone planning to teach. Raymond will attend WT two years before transferring to Texas Tech.

Eddie Boydston received the Canyon High School award, given annually for scholarship, leadership and achievement. His average was 89.29. He will enter Tech this fall on a football scholarship.

Two recipients of scholarships earlier this year were recognized. Suzanne Lemons has received a scholarship from the WT music department for her piano work and is attending school this summer. Sondra Hines will attend WT on a science scholarship, given her by the Randall County Heart Association. Suzanne's average was 95.21 and Sondra's was 94.00.

George Graham, vice president of Hardin-Simmons University, was the speaker. The Rev. C. E. Wagner, pastor of the Pentecostal Holiness Church, gave the invocation, and the Rev. Aaron Mann, pastor of Calvary Baptist Church, the benediction.

Diplomas were awarded by Joe Gibson, superintendent, and A. C. Haley Jr., president of the school board. Mrs. Lee Foster played the recessional and processional.

MRS. EMMA E. FRANK

## Last Rites Set For Mrs. Frank

Last rites will be held at 10 a. m. tomorrow at St. Mary's Catholic Church at Umbarger for Mrs. Emma E. Wirtz Frank, 83, who died at 8:30 p. m. Monday in Thurmon Rest Home in Amarillo.

The Rt. Rev. Msgr. W. F. Bosen, pastor, will officiate. Burial will be in St. Mary's Cemetery.

Rosary was read at 8 p. m. yesterday in Warren-LaGrone Funeral Chapel, with Msgr. Bosen officiating.

Mrs. Frank and her husband, George, moved to their farm west of Canyon 47 years ago. Her family, one of the first to live in Umbarger, was considered to have been one of the builders of Umbarger.

Born Aug. 13, 1875, in Pinckneyville, Ill., Mrs. Frank was a member of St. Mary's Catholic Church at Umbarger and a member of the Altar Society.

Surviving are four sons, Ernest and Bill, both of Adrian, and George and Joe, both of Canyon; three daughters, Mrs. Ruby Wiedner and Mrs. Anna Ash, both of San Diego, Calif., and Mrs. Ernest Holenstein of Berkeley, Ariz.; six sisters, Mrs. Bertha Hampson of West Frankfort, Ill., Mrs. Sophia Elchholts and Mrs. Maggie Southland, both of St. Louis, Mo., Mrs. Katie Wilcox of Sullivan, Mo., and Mrs. Donna Steins of Redbud, Ill.; 24 grandchildren and six great-grandchildren.

## Honored at Luncheon

ELVA FRONABARGER

## Two Canyon Teachers Given Freedoms Foundation Medals

Two Canyon teachers were awarded medals and citations from Valley Forge Freedoms Foundation at ceremonies Friday noon in the Canyon High School cafeteria.

Elva Fronabarger, retired, and R. D. Wheelock, retired, were presented the medals and scrolls for their outstanding work to create better understanding of the American Way of Living and their "patriotic contribution to notable youth leadership in the highest tradition of our nation."

The presentation to Miss Fronabarger was made by Dr. J. A. Hill, and the presentation to Wheelock was by the Rev. Strauss Atkinson.

Dr. Kenneth D. Wells, president of Freedoms Foundation, in notifying the honorees, said, "Your exceptional classroom work in behalf of responsible patriotic citizenship and the American Way of Life has been singled out as an important professional contribution to maintaining our American Constitution."

al Republic."

A jury composed of State Supreme Court Justices and elected representatives of national patriotic, service and veterans organizations, selected the awards recipients from among the records of teachers from all over the nation whose names had been submitted by citizens interested in continued high levels of citizenship education in American schools.

Nominations for the awards are invited from all Americans - either for Teacher's Medal consideration or in the Foundation's general program which honors people in all walks of life for things they have written, said or done to improve knowledge and appreciation of the American Way.

Freedoms Foundation at Valley Forge is a non-sectarian organization. The President of the United States is honorary chairman. The Foundation's funds come from donations.

## Swimming Class Registration Is Thursday Afternoon in City Pool

Registration for swimming classes at the city pool in Conner Park will be conducted from 2 p. m. to 6 p. m. Thursday, with plans for beginners, advanced beginners, intermediates and swimmers.

After registration, the schedule of classes will be made, and classes will begin Monday. Lessons will be taught each morning from 9:30 a. m. to 11:45 a. m.

Mrs. Roy Young, girls coach at Canyon High School, will be the manager of the pool this year, and will be in charge of the swimming classes.

Those who plan to register for swimming classes must purchase a season ticket. Prices are \$12 for adults, \$10 for teenagers, and \$8 for children 12 and under. Minimum age for swimming classes is 5.

Swimmers who have completed a swimming course and plan to

register for more advanced lessons should bring their Red Cross cards of completion to show which classes they have finished.

Other prices for swimming are 50 cents for adults, 35 cents for teenagers and 25 cents for children 12 and under. A family season ticket, for those with four or more children, costs \$35.

Hours for general admission to the pool are 3 to 6 p. m. daily. The pool will be open for adults only from 7 to 9 p. m. Monday night, and for general admission from 7 to 9 p. m. Tuesday and Thursday.

Non-swimmers who enter the pool must be accompanied by an adult.

Mr. and Mrs. Lige Frieze returned from Austin last night, after Mrs. Frieze suffered a nervous seizure, which was first reported as a heart attack.

Founded by Mrs. R. W. Morgan in 1896

# Moon, June, Bridegroom

Weddings now-a-days are affairs of women. Descriptions of weddings go into detail about what the involved women wore, what they did, and who they are. The fathers of the bride and bridegroom get a bare mention—when they are described as parents of the couple.

The bridegroom, himself, one of the two principals, gets little more than a bare mention—once at the first when the story says he's the guy getting married, and once at the end, when the story tells where he went to school and such.

Men who attend weddings usually feel out of place, and embarrassed. They are forced to go, by their wives, and squirm through the ceremony.

But things weren't always in such a fix.

Everything about the wedding—including the word itself—is designed to remind the women that they were once a marketable commodity and even earlier, fair game for any strong-armed marauder.

The best man, for instance, is believed to be a relic of the days when a man simply carried off a girl who had wandered too far from home. The husband-to-be usually brought along a muscular friend to fight off pursuers.

The bridegroom had to hide out with his catch for a while until the girl's family got tired of searching for them. This was the beginning of the honeymoon. These tactics did little to foster "togetherness," and probably brought about the husband-mother in law battle of today.

The practice of buying a wife came later on, and left the girl with fewer bruises. It couldn't have done much for her pride.

Some African tribes thought a girl was worth about one ox. Other figures were set in different tribes. And today's "giv-

## An Addition

There's an old jingle, moralistic in tone, which promotes the advantages of advertising. The Chilton (Wis.) Time-Journal has added another four lines, that makes it even truer. In it's new, full-length form, here it is:

*The codfish lays ten thousand eggs,  
the hen lays only one.  
The codfish never cacks a cackle to  
tell you what she's done.  
So, we scorn the humble codfish  
while the hen we prize—  
Which only goes to show you that  
it pays to advertise.  
The hen requires a baby's care, the  
cod is self-supporting.  
The hen can cackle in deceit when  
only rooster-courting.  
So don't mistake the sound of cackle  
as the only thing that sells.  
It's honest quality delivered that  
rings those cash-register bells.*

MORAL: You must deliver the goods (as the cod) in addition to advertising regularly (as the hen).

## Snits Us Fine

Have you read about the covered wagon rumbling from Oak Ridge, Tenn., to Los Angeles carrying mail and a cast of would-be movie stars, song writers and stunt men?

The wagon is in the vicinity of Dallas now, and is picking up mail from people who are in no rush. The mail will bear a special cancellation stamp, and will be mailed back to the sender when the wagon reaches Los Angeles.

The wagon left Tennessee last fall, and the drivers expect to reach California in four or five months.

Sometimes we think a lot of the mail we get every day could be sent on that wagon, and we'd all be better off for it. It would suit us fine if 90 per cent of our mail came through six or eight months later.

## What Our Neighbors Say . . .

# Scissor Snippings

**Ernest Joiner in the Ralls Banner:** It would appear I am indebted to barrister Bill Kugle of Athens for this story. In a small town there were only two places of worship, a synagogue and a Quaker Church. The spiritual leaders vied vigorously for members, and the Rabbi began losing out. In desperation he sent for an older, wiser man who had been one of the young Rabbi's instructors in divinity school. When the older man arrived, he inquired as to the trouble, and the young Rabbi replied, "Some of my best Jews are Friends."

**Bill Neal in the McLean News:** Dan Mize says the first day he was in the Army they issued him a toothbrush. The next day they pulled his teeth. The following day he was given a helmet and on the fourth day they shaved his head.

"But that next day when they gave me a pair of glasses it was too much," he says. It took the MP's two weeks to catch him and bring him back.

**Arnold Hudson in the Ochiltree County Herald:** We check out the book "Lolita" last week, principally out of curiosity, and we must be getting old. The book, dealing with the sex appeal of a 12-year-old girl and a middle-aged man, has been a best seller for months. It has been described as filthy, as fine literature, as a work of art. We found it none of these things. It is a dull book, poorly written and utterly non-appealing to us.

**Ben Ezell in the Canadian Record:** "It is rumored," according to the Canadian Rotary Club bul-

BOYCE HOUSE

To finish the story of Sam Bass: The member of the gang who betrayed it to the Rangers returned to Denton and he was so fearful of revenge at the hands of the slain outlaw's friends that sometimes he would go to the jail and ask to be allowed to spend the night there. He became troubled with his eyes and was given a medicine which was poisonous if taken internally. In some manner, he swallowed some of the medicine and died after terrible suffering.

Frank Jackson, who had fought off the pursuers and had gotten Bass out of Round Rock, had (as previously related) abandoned Sam at the insistence of his chief, who had said that he himself was done for but that Jackson could get away.

There is a story that, the night after Bass' funeral, a colored woman who lived near the cemetery saw a horseman leap the fence of the graveyard, alight at the new grave, remove his hat and stand with bowed head a little while and then, remounting, leap the fence again, and ride away. This was believed to have been Jackson, last survivor of the band, saying farewell to his chieftain.

Many years later, a writer in a Southwestern state declared that Jackson (under another name, of course) had lived a law-abiding life, had become wealthy and had won the respect of his fellow citizens. Jackson confided his identity to that author and expressed the desire to re-visit Round Rock if the murder indictment was first dismissed. (The indictment was based on the killing of an officer by Bass at the outset of the battle in Round Rock.) The prosecuting attorney, however, refused to dismiss the charge.

In this connection, while this columnist was in Round Rock some years ago, J. H. Kavanaugh, then the editor of the Leader, related: "The next district attorney, how-

ever, did drop the case and word was sent to that effect but the message came back that Jackson had died not many months previously."

Presumably, therefore the last member of Bass' gang did not return to the scene he had left so dramatically some half a century before.

After one climbs over the rickety old turnstile at the cemetery in Round Rock, there is a path which has been beaten out by the feet of hundreds of visitors who, each year, visit the grave.

The store building in which the gun battle began is yet standing. And people still talk, these many and long years since his death, about Sam Bass, the genial cowboy who took the wrong turn in the path of life.

## Umbarger News

Mary Frances Stocker, Mary Hoffman and Stevie Wieck are the ones from Umbarger to attend the 4-H encampment at Camp Don Harrington June 24.

Mr. and Mrs. John Amedeo of Chicago visited with relatives, Mr. and Mrs. E. A. Stocker and family, Mr. and Mrs. Max Hoffman and family and Mrs. Sabina Stocker.

The Umbarger Blue Sox won a 17-7 victory over Clarendon Sunday in a weekly baseball game at Umbarger.

Mrs. Emma Frank is ill and no longer staying in her home.

Meinrad Hollenstein is in Neblett Hospital.

If you have any news that you would like to have in the paper, please call Deanna Stocker at GY-92456.

## Hinders Herd Tops In County Figures

High herd in milk and butterfat production in Randall County during April was the Holstein herd belonging to Louis G. Hinders, according to figures just released by the Randall County Dairy Herd Improvement Association.

Other top herds belonged to Neil Downing and Richmond Hales.

Three Hinders' Holsteins led the list of high cows in milk production, and two topped the list in butterfat production. Other top cows were three of Downing's Holsteins, a Hales' Holstein, and a West Texas State College Holstein. Downing, WT and Hales had the other Randall cows listed in butterfat production.

By VERN SANFORD  
Texas Press Association

There's a "get on with it" mood among House members during this special session.

House was the target of some criticism after the regular session for having made almost no progress in money-raising.

This session the House began processing money bills at a fast clip. Initial action indicated there was less opposition in the House to Gov. Price Daniel's tax program than during the regular session.

Many in the lower house seemed to be in a mood to get as much possible over to the Senate and "let them worry with it a while." Then, if the finance problem still isn't solved at the end of this session, they hope people won't be saying that the House "sat on its hands again."

Senate attitude toward the various money-raising approaches is largely an unknown quantity. No money-raising bill ever came to a vote in the Senate — either in committee or on the floor — during the regular session.

### DEBT-PAYING BILLS

Three bills recommended by Gov. Daniel to wipe out the \$65,000,000 state deficit received first legislative attention. These measures are:

1. "Bookkeeping bill" designed to lop \$28,000,000 off the Aug. 31 deficit by crediting certain money to this year instead of next year.

2. One-year increase in the corporation franchise tax to bring in \$17,000,000. Sponsor Rep. Joe Ed Winfree of Houston called it "a donation by Texas business" toward bailing out state government.

3. Abandoned property act, to transfer to the State Treasury, funds unclaimed for seven years. Estimates vary as to how much it would bring in; sponsors say about \$20,000,000 the first year, \$2,500,000 a year thereafter. It was re-written after its defeat last session, but bankers still aren't happy.

First two of these bills received quick House approval.

### GOVERNOR'S PERMANENT PROGRAM

To cover new money needs for the next two years, the governor is pushing a separate tax program, a "package bill" known as H. B. 7.

It would raise an estimated \$161,000,000 in two years.

Affected by the bill would be (1) natural gas, with a reduction from 7 to 5 per cent in production tax and addition of 5 per cent "severance beneficiary" tax, (2) interstate corporations, with a new and complex formula, (3) utility companies, with an increase in the gross receipts tax, (4) cigarettes, one cent per package more, (5) other tobacco products, except snuff, to be added to sales tax fold, (6) liquor, increase from \$1.408 (correct) to \$2.50 a gallon sales tax, (7) automobiles, with sales tax increase from 1.1 to 1.5 per cent.

Rep. George Hinson of Mineola is sponsoring the bill.

In the past weeks the governor has been making a vigorous round of conferences and talks, rounding up support for his program. He launched it before the Legislature with a speech pouring fire and brimstone on the heads of lobbyists. He accused the "third house" of causing expensive delays.

### OTHER TAX BILLS

As in the regular session, there is no lack of ideas for raising money.

Besides the governor's bills,

these have been proposed:

(1) One per cent tax on all manufactured goods, by Rep. Jerry Sadler of Percilla. To bring in an estimated \$200,000,000 annually. Businesses grossing less than \$25,000 annually would be exempt.

(2) 1.5 per cent general sales tax, by Rep. Frantes S. Seeligson of San Antonio. Food, feed and fertilizer would be exempt.

(3) One per cent tax on retail sales, one per cent on personal income and three per cent on corporate income, by Rep. Louis Anderson of Midland.

(4) Five per cent tax on corporation net profits, by Rep. Dean Johnson of Houston.

(5) Five per cent tax on trading stamps, by Rep. Joe Chapman of Sulphur Springs.

(6) Graduated oil tax, by Rep. Bob Eckhardt of Houston.

RE-RUN ON APPROPRIATIONS  
Re-approving the appropriation bills passed during the regular session was no great stumbling block for either the House or Senate.

As before, both houses passed bills calling for 1960-61 spending totaling about \$2,400,000. House bill would require some \$333,000,000 from the general revenue fund; the Senate bill, about \$200,000,000 less.

Only change on either side was a House amendment to cut off aid to dependent children payments for illegitimate children after the first one in a family. By having more children, said Rep. H. J. Blanchard of Lubbock, unwed mothers get more money from the state. House members agreed the payments encouraged illegitimacy.

Hard part on getting out an appropriation bill will be settling the House and Senate differences in conference committee. No conference group was appointed in the regular session. Some predicted there would be no effort to come to final agreement on spending this session until ways to pay for it had been agreed upon.

### TOO MUCH OIL

Texas oil allowable for June will be 282,738 barrels a day less than for May.

Texas Railroad Commission set the statewide flow at 2,904,414 barrels a day on a 10-day producing

## Plans August Wedding

The engagement of Marcella Carline Przilas to Herbert Arlin Koehl of San Angelo, son of Mr. and Mrs. Willie B. Woehl Sr. of San Angelo, has been announced by her parents, Mr. and Mrs. Otto Przilas of Umbarger. The couple will be married Aug. 12 in St. Mary's Church at Umbarger by Msgr. W. F. Bosen, pastor. The bride-elect is employed at Bellah's Super Market, and the bridegroom-to-be is stationed at Fort Jackson, S. C., where he is serving six months' active duty with the National Guard.

### VALUE-RATE the ROCKET

The man who  
knows value  
goes Olds!

More and more medium-priced car buyers who want the most for their money are joining the swing to Olds.

Why? Because they figure up all the extra quality features and conveniences Olds has as standard equipment. They carefully consider the economy of the Rocket Engine :: the low-cost maintenance of an Olds... its higher resale value. But most of all they ask themselves,

"Is this the kind of car my family and I will be proud to own... one that will give us the full measure of fun and comfort we want... is this the car whose style will stay in style?"

The overwhelming "yes" can be found in the zooming sales success of the '59 Oldsmobile. See your Oldsmobile dealer today... Value-Rate the Rocket!

CANYON MOTOR CO., 425 16th Street

# ... you just can't beat ELECTRIC COOKING!

Those who enjoy the flavor of fine foods cooked electrically just won't cook any other way. Vegetables are cooked in covered pans using just half a cup of water. Result: healthful vitamins and minerals are "locked in" and food tastes good. Roasts retain natural flavorful juices and shrinkage is less than 15% — and that means money saved.

## Courtesies Honor Mary Sue Bolton

Mary Sue Bolton, bride-elect of Leonard Miller, was honored with a miscellaneous shower recently in the home of Mrs. Warren Parker.

Guests were greeted by Mrs. Parker, Miss Bolton, Mrs. L. K. Bolton, the honoree's mother, and Mrs. Vernon Miller, mother of the prospective bridegroom.

Miss Bolton was attired in a blue cotton satin dress. She was presented a white corsage. Mrs. Parker, Mrs. Bolton and Mrs. Miller also wore white corsages.

The tea table was covered with a gleaming white imported linen cloth. The centerpiece was a wedding arch tufted with white and blue net, tied with white wedding bells, with bows of ribbon and hand painted names and date revealed on satin leaves. Sprays of carnations were used, accented by tall white tapers in crystal candle holders.

Blue and white were the honoree's chosen colors.

Crystal service completed the appointments. Cake, iced with white icing and blue wedding bells on top, was served with frosted punch and nuts. Mrs. James Kauffman and Mrs. Bill Cunningham served.

Rose Ellen Parker and Kathleen Miller alternated at the guest book. About 125 called or sent gifts.

Hostesses were Mrs. Hugh Greiner, Mrs. Warren Parker, Mrs. Van Pennington, Mrs. A. M. Cunningham, Mrs. Dory Funk, Mrs. J. R. Parker, Mrs. W. R. Crow, Mrs. Jack Parsons, Mrs. Walter Partridge, Mrs. Doris Gillham, Mrs. H. C. Adcock, Mrs. Jack Barnard, and Mrs. Milton Myers.

Miss Bolton entertained her attendants at a bride's attendants' luncheon May 23. Roses centered the table. A gift with the guest's name on it served as place cards.

Attending were Mrs. Bill Conway, Mrs. Allen Devenport, Mrs. Bill Cunningham, Mrs. Allen Simpson, Mrs. James Kauffman, Florence Clement, Kathleen Miller, Mrs. Vernon Miller and Mrs. L. K. Bolton.

A salad luncheon with strawberry ice cream pie was served.

People who travel at high speeds on the nation's highways are bound to meet serious reverses sooner or later.

Almost every house is better for spring-cleaning. The actual season for the operation will vary to fit the housewife's way of life. But underneath, the need is universal — to dig out, throw away, rearrange.

Women's manners, too, need an occasional spring-cleaning.

Lots of things contribute to the creeping malady of unconscious rudeness. Maybe it's habitual hurry — a tight schedule that cuts down on time for small talk, for the friendly moment at the grocery store. Maybe it's too much busyness in church or clubs, so that we miss the news item about Mrs. B's sister dying in Nebraska, or little Doty Jones' fractured ankle. If we weren't so busy, of course we'd drop by with a loaf of fresh bread, or a bright peony from the prized bush in the yard.

Sometimes we get so wrapped up in a small social circle that we unconsciously shut out everyone else. We don't dislike other people. We're just having a wonderful time with grandchildren or

## Ken W. Stone Receives Degree

Ken W. Stone, son of Mr. and Mrs. Paul Funston, received his D.D.S. degree from University of Texas June 1.

He finished high school at West Texas High School. After serving four years in the Navy, he entered TU, where he received a B.S. degree.

Ken, his wife, Louise, and three sons plan to make their home in Plainview.

special friends and forget to reach out — to a former neighbor, our son's grade school teacher, the woman we used to work with at the church.

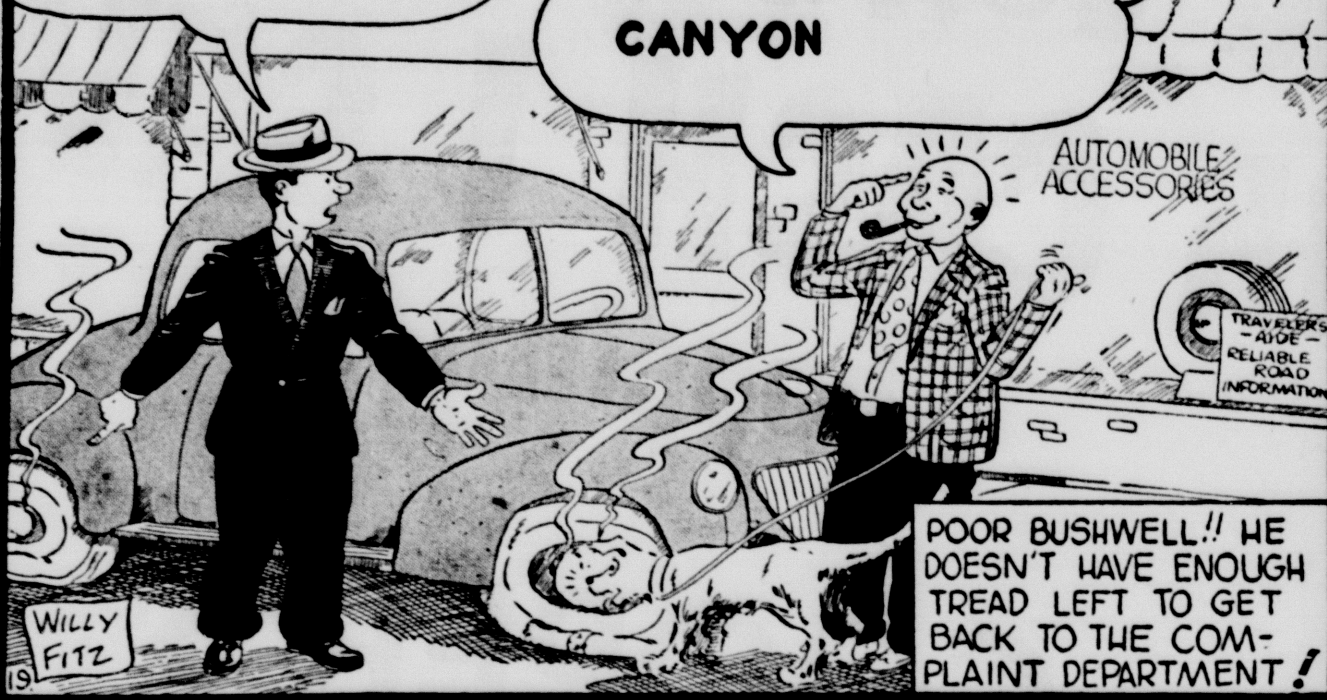

The most likely place for chronic rudeness to settle is right at home. There, too, haste and habit may lead to unconscious indifference to the other fellow's small needs, to impatience or nagging.

The best way to discover symptoms is to make a trip with other women, preferably casual acquaintances. In the intimacy of a long car trip, a shared hotel room, sight-seeing and shopping, we really see ourselves and aren't always happy with what we see. Bad manners, like a cluttered house, can be routed if we're determined enough to dust out the corners and straighten the shelves.

## HOW BOUT THAT

DOG-GONE IT, CHARLIE, THESE "SQUASH-PROOF" TIRES I BOUGHT IN THE BIG CITY JUST WON'T TAKE ANY MILEAGE! WHY, I HAVEN'T GONE 3000 MILES AND ALREADY THEY'RE AS BALD AS YOU ARE.

WELL, FIFTY YEARS OF SERVICE GAVE ME THIS BALD HEAD; BUT I'VE GOT ENOUGH SENSE TO KNOW THAT WHENEVER I BUY TIRES, I GET **DEPENDABLE** ONES, FROM OUR **DEPENDABLE** DEALER RIGHT HERE IN **CANYON**

## Washington Report

### More About The Constitution

By Representative Walter Rogers  
18th Congressional District

The mail has been bringing in numerous letters with relation to the recent decision of the Supreme Court concerning a case decided in Baltimore, Maryland. The case is Frank vs Maryland, in which the Supreme Court decided that the owner of property could be fined under a Baltimore ordinance for refusal to admit a health inspector, even though the inspector had no search warrant.

It is indeed encouraging to see the people becoming deeply concerned about their constitutional rights. My only wish is that this concern had been evidenced at a much earlier time. I have long protested the encroachments and invasions of the rights of the individual American.

You can call them states rights, personal rights, constitutional rights, or individual rights, but under any name they mean the same thing. The term "states rights" has been maligned throughout the country simply by associating it with civil rights, racial prejudice, and any other term that might cast reflection on it.

The fact is that if you have certain rights under the laws of the State in which you live and the Federal government moves in, usurps the field, and destroys these rights, you have actually lost some individual rights.

I say that I am happy to see the people becoming concerned about this problem, because I was

afraid that many people in this country had been lulled into a false sense of security and would accept the destruction of these rights simply as a matter of course. In many parts of the country that could well be the case.

My fear was generated wholly by the general reaction to some past decisions of the Supreme Court which were as serious, in my opinion, as the recent decision in the Frank vs Maryland case.

Space will not permit me to discuss all of these, but there are two I want to make brief reference to. One of these was the case of Berman Executors vs Parker, decided in October, 1954, in which the Supreme Court held that an agency of the Federal government could take private property under the right of eminent domain and redevelop it for private, not public, purposes.

In other words, the government condemned a department store that was located in an area which the agency determined needed to be redeveloped, even though the department store, the building and the land were in good order, were not slum housing, and the property was not to be put to public use.

The key reasoning supporting this decision was the sentence: "if owner after owner were permitted to resist these redevelopment programs on the ground that his particular property was not being used against the public interest, integrated plans for redevelopment would suffer greatly." They also said: "The rights of the property owners were satisfied when they received that just compensation which the 5th Amendment exacts as the price of the taking."

This decision did not stir up much concern at the time it was rendered in 1954, although I referred to it on numerous occasions as being a destruction of the basic rights of ownership of property. Under this decision a redevelopment agency could determine that the section of town in which you live should be redeveloped, and could come in and take your property by condemnation and permit the redevelopment of the entire area for private profit even though you did not want to part with your home or other property.

Another decision of consequence is a recent decision in the case of Abbate vs. The United States. In that case it was held that a defendant could be tried twice for the same identical offense—once by the State and once by the Federal government — although the Constitution states in clear and unequivocal terms "nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb."

I also wrote a newsletter several years ago and made numerous speeches with relation to the separation of powers as constituted in our government. I pointed out the basic history of the powers of the Supreme Court. I again point out that under the separation of powers theory of government, the general powers of the Supreme Court cannot be curtailed by the Congress.

I know there are many arguments pro and con on this subject, but the fact remains that the Supreme Court has the power to determine the constitutionality of any act passed by the Congress. Hence, the proper and effective procedure to be pursued, if the people of this country desire a curtailment of the powers of the Supreme Court, is by amendment to the Constitution of the United States.

This can be done under the Constitution, as specifically provided in the Constitution, as follows:

"The Congress, whenever two thirds of both Houses shall deem it necessary, shall propose Amendments to this Constitution, or, on the Application of the Legislatures of

## Kelso-Milligan Vows Exchanged

In a double ring ceremony read by Methodist Chaplain Donald Howell in the Richard Gebour Chapel at Grandview, Mo., on May 22 at 6 p. m., Ethel Gwendolyn Kelso, daughter of Mr. and Mrs. Hugh Kelso of Canyon, became the bride of Lyall J. Milligan, son of Mr. and Mrs. Charles Milligan of Concord, N. H.

The altar was decorated with large silver baskets of pink and white peonies and white mums.

### DR. BURWELL SOUTHERN

Phone DR3-6772  
  
OFFICES IN CANYON  
Wednesday 9:00-12:00  
Saturday 9:00-1:00  
OL5-4661

On either side were silver candelabra with white candles.

Joyce Barker of Canyon, close friend of the bride, was maid of honor. She wore white cotton eyelet with orchid accessories. Her bouquet was orchid carnations.

Best man was David Peterson of Buffalo, N. Y.

Given in marriage by her father, the bride wore pale pink lace over taffeta. Her hat was a small white lace with veil. She carried a bouquet of white roses with pink streamers. For something old, she wore her great-grandmother's wedding ring.

For the wedding trip to Kansas City, she wore a blue linen sheath with white accessories.

Mrs. Milligan is a student nurse at Northwest Texas Hospital in Amarillo, where she will continue her training.

The bridegroom is stationed at the Richer Gebour Air Force Base in Grandview, Mo.

A granddaughter of Mrs. T. W. Collins, Carolyn Christian, who is teaching school at Lovington, N. M., is touring Europe this summer with three other New Mexico teachers. The group left Monday by ship from Montreal, Canada.

## Wayside News

Rev. D. L. Hunt filled his appointments Sunday and was a dinner guest in the W. C. McGehee home.

Mr. and Mrs. E. J. Mahler are back from attending the Northwest Texas Methodist Conference at Abilene last week. Dannie and Donnie Payne returned home with them for a visit.

A number from Wayside attended the school commencement exercises at Happy Sunday night.

The Wayside school finished its last of school program Monday night. A good crowd was present. The ex-students presented Mr. and Mrs. E. C. Franklin with a framed mirror and shelves to match. The presentation was made by Mary Von Scroggins, now of Amarillo. Barbara Webb, a friend, accompanied Mary to Wayside for the program.

Mrs. Loretta Dorris, Janey, and a cousin, Carl, from Arney and Judge and Mrs. J. E. Johnson of Claude attended the school program at Wayside Monday night.

Annie, Curtis, and Kathy, children of Mr. and Mrs. Vincent Fowler, each received certificates of merit for not missing a day of school nor being tardy for the full year. Their older brother Lynn missed only one day. Next in line was Jackie Newsom who missed only three days.

Mr. and Mrs. Leo Oles and James of Claude and Mrs. Oles' aunt, Mrs. Jones of Clarendon, were visitors in the Willie Modisette home Sunday.

Mr. and Mrs. Jay Cavet, who have been living in Long Beach, Calif., have moved back to Texas and were dinner guests in the Joe Rogers home Wednesday.

Mr. and Mrs. E. C. Franklin attended Memorial Day services at Jacksboro. They visited his sister, Mrs. A. Jap Smith and family and attended a reunion at Willow Park.

## Goodmans Plan Northwest Tour

Mr. and Mrs. A. K. Goodman will leave today on a 12-week tour of the West and Northwest. They will tour the southern route to California, going into Mexico on their way to San Diego.

The Goodmans plan to spend some time in Los Angeles before going to Yosemite Park, Oregon, Washington and then into Canada. They plan to go to Vancouver and Lake Louise.

On their way back they will spend several days in South Dakota where both grew up. They will return Aug. 21, in time for the fall school term.

Mrs. Goodman teaches third grade in Canyon and Goodman is counselor and does the testing in the Happy Public Schools.

Insects comprise the largest group of all living creatures.

Fire insurance dates from the great fire of London in 1666.

## RAMBLING AROUND

DOYLE G. THOMAS

The grain sorghum support price for this year in Randall County has been set at \$1.48 per hundred. The rate is based on farm storage. If grain is stored in a warehouse the storage will need to be deducted in order to arrive at the net to the farmer. The amount of storage will run from 11 cents to 15 cents per hundred depending on the date of storage.

The rate of \$1.48 compares to a rate of \$1.75 for last year's crop. The oat support, based on farm storage, has been set at 58 cents per bushel. This compares with a 1958 rate of 69 cents per bushel.

The wheat rate is \$1.82 per bushel compared to a rate of \$1.83 last year. Rates on barley, rye, soybeans and corn have not been announced. It is expected that they will be received within the next week.

Preparations are being made in this office for the expected rush on wheat loans.

Farmers can be a big help in speeding up this work if they will get their lien waivers in advance. Waivers must be secured from landlords and other lienholders before loans can be certified. Blank forms are available at this office, the elevators, and banks.

It is expected a fair wheat crop will be harvested in this county even though the winter drought and the hail storms have taken a heavy toll. We have seen some good fields of wheat, both irrigated and dryland. Before the hail storms we had estimated the acreage of wheat to be around 108,000 acres.

There still should be between 95,000 and 100,000 acres harvested. This would mean a production of about a million bushels if an average yield is made. Many wheat men we have talked to think an average yield on the harvested acreage will be made.

**SIDE VIEWS** — Farmers in the south part of the county figuring up their hail losses. Among these were Joe Cox, H. R. Hungate, Weldon Hager, Jack Frost, Edgar Robinson, R. B. Gist Jr., R. B. Elliott, Bob Anderson and Ratjen Brothers.

J. W. Kleinschmidt checking on the date of seeding of cover crops on Conservation Reserve acreage. Two of the better wheat crops on Ralph Ruthart and D. I. Barnett farms. Cecil Simms inquiring about the Conservation Reserve Program for next year. Joe Frank, Bob Lindsey, Alvin Kuhlman and E. R. Rogge spraying their Conservation Reserve acreage for weeds.

Store your winter clothes now. Sanitane Moth Proofing Available. Modern Cleaners.

It may be true that charity starts at home, but reform usually starts elsewhere.

Help other people bear their burdens, but don't come home loaded every night.

The man who is satisfied to take things as they come will get only the leavings.

People who follow their inclinations seldom travel the straight and narrow path.

# CHEVY BESTS

Independent experts and official facts and figures prove Chevrolet's ahead of its field in seven big ways.

**BEST BRAKES** ... In direct competitive tests of repeated stops from highway speeds, conducted by NAS-CAR\*, Chevy out-stopped both the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN** ... Check the figures in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." **BEST STYLE** ... Popular Science magazine sums it

up: "The fact is, in its price class the Chevy establishes a new high in daring styling ... It's the only car of the leading low-priced three that's unmistakably modern in every line. **BEST ECONOMY** ... No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM** ... Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST**

**ENGINE** ... Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As Sports Cars Illustrated puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." **BEST RIDE** ... You'll be able to tell this yourself, instantly. But Motor Trend magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."

## Violinist

MICHAEL RABIN

## Concert Association Picks Famous Violinist for One Program of Season

A world-famous young violinist has been selected by the Canyon Community Concert Association board of directors as one of the artists for next season's concerts. Many critics in many languages have called 22-year-old Michael Rabin "a master of the violin" and have placed him among the ranks of famous artists two and three times his age. The date for his concert here will be announced later when the season's schedule of artists is filled.

The extent of Rabin's concert tours have made him one of the most traveled American violinists of his generation. His current schedule included his eighth transcontinental North American tour, his fourth extensive European tour and his second tour of Israel. When he was only 16, he flew more than 31,000 miles in the course of his triumphant debut in Australia. He played in Venezuela and Mexico this spring.

A featured recording artist since he was 13, Rabin has since interpreted much of the major violin repertoire for Angel records. This season he made his debut on Capitol records.

In the US this year, Rabin appeared in concert with 10 major orchestras, including his 63rd appearance with the New York Philharmonic. He has appeared in recital on the leading concert courses and has played repeatedly with all the great orchestras, including those of New York, Chicago, Boston, San Francisco, Los Angeles, Philadelphia and Cleveland.

Rabin has also scored repeatedly at such music festivals as the Philadelphia Robin Hood Dell, Hollywood Bowl, New York's Lewisohn Stadium and Chicago's Ravinia and

Grant Park.

Born May 2, 1936, Rabin is the son of George Rabin, who has been a violinist with the New York Philharmonic for more than 30 years. His mother, Jeanne, is a pianist who for many years was on the faculty of the Juillard School of Music.

Rabin started to study music before he was six, following his father. His mother gave him piano lessons. He possesses perfect pitch and as a child would amuse the family by calling off the pitch of everything from an automobile horn to a steam whistle.

He took to the violin at seven. When visiting a family friend, Rabin attached himself to a small-sized violin with such passion that the friend gave him the instrument. His father began teaching the violin, and soon realized he had a child prodigy. He took his son to Ivan Galamian of the Juillard and Curtis faculties, and Rabin has worked with Galamian ever since.

### Mrs. Hildreth Shows Balanced Diet Slides

Palo Duro Rusk Home Demonstration Club met in the home of Mrs. C. V. Conatser with nine members present.

Mrs. Mona K. Hildreth, home demonstration agent, showed slides on balanced diet. She stated that calorie minded people can lose weight on a 1000-calorie balanced diet.

Next meeting will be June 9 in the home of Mrs. Edd Reynolds, with Mrs. Althea Douglas as hostess.

## Babe Ruthers Start Season

Volunteer help is again needed to erect poles at the Babe Ruth League park. Workers are needed today, tomorrow and Friday at 5:30 p. m. and Saturday at 9 a. m. The Babe Ruth League will open play Monday.

Fathers of team members are especially urged to make a contribution of their time and labor, according to George de Schweinitz, secretary of the league.

"If Canyon is to claim possession of that spirit of community endeavor of which we hear so much here is a real opportunity to show that quality that built one of the best of the traditions of the old West," he said.

Workers who have already contributed time and labor are J. B. Sikes, Glenn Dorris, Frank Begert, Roscoe Richardson, Chet Reynolds, Wayne Sanford, Hampton Lisle, Jim Boyd, Edwin Kuehn, Dick Ziegler and Hugh Greiner. George Gibson has directed the work of installing lights and poles.

A two-week period, June 8-23, will be needed to equip the park for night play. In the meantime, games will start at 5:15 on Monday, Tuesday, Thursday and Saturday.

Team members of the Giants, coached by D. L. Hunt, are Phil Pennington, Jimmy Killingsworth, Dave Cole, Wesley Bourn, Bobby Begert, Larry Carney, Russell Cook, Larry Holman, Bill Ashley, Bob Haggard, David Yarborough, Gary Fletcher, Bobby Evans, Stephen Langston and Don Breitling.

White Sox members are Larry Moore, Stephen Greiner, Gary Lee, Leo Henderson, Harry Lisle, Robert Cook, Gaylord Stroup, Robert Woods, Marion Hicks, Don Hawkins, Eddie Poole, Stanley Prichard, John Stritzel, Bill Jarnagin and Ronnie Reynolds. Chet Reynolds is manager.

Pirates are James Boyd, Richie Brotherton, Joe Whittington, Jimmy Parker, Ronnie Brock, Ralph Kuehn, Wallace Busted, Bobby Dorris, Douglas Ward, George McBride, Dalton Adams, Joel Richardson, Norman Smyrl, Dudley Moore and Clark de Schweinitz. Jim Boyd is manager.

Coached by Don Paris, Cardinals are Bill Phillips, Terry Funk, Albert Keller, Ralph Cabe, Danny Johnson, Davis Price, John Whinnery, Don Whinnery, Ralph Irbeck, Preston Prichard, Johnny Sikes, Stephen Burgess, Tommy Sanford, Russell Farr and Jess Sheets.

Each player must bring to the acting president, Hampton Lisle, or to the secretary a certified copy of his birth certificate or a notarized photostat, which may be a certificate from the state, county or city bureau of vital statistics, Department of Health or other recognized birth recording agency.

A certified copy of delayed registration will be accepted if the registration is filed with headquarters and the state director is notified prior to June 30.

### Showers Honor Norma Glenn

Norma Glenn, bride-elect of Raphael Gunnels, was honored with two miscellaneous showers recently. One was in the home of Mrs. Wayne Price here and the other in the home of Mrs. Cecil Young, 5715 W. 9th, Amarillo.

Hostesses at the Canyon shower were Mrs. John Hardin, Mrs. R. E. White, Mrs. Carl Wagner, Joyce White and Carol Ann Holman.

The honoree was presented a corsage of pink asters.

Laid with a blue linen cloth, the serving table was centered with an arrangement of pink asters and stock.

At the shower in Amarillo, the honoree, Mrs. Norma Glenn, mother of the bride-elect, and Mrs. Martin V. Gunnels, mother of the prospective bridegroom, were presented gladioli corsages.

The serving table was laid with a white lace cloth. Presiding were the hostess. Mrs. Mark D. Gunnels registered the 15 guests attending.

### Hereford Teenagers Injured in Accident

Five Hereford teenagers were injured, one critically, when their car overturned Sunday morning one mile east on state highway 217.

Cleta Gish, 18, was reported in critical condition at Neblett Hospital after suffering a severe head injury.

Wayne M. Northcut, 18, driver of the car, suffered a fractured leg. Anita Turner suffered multiple lacerations.

The other passengers, Harold A. Hamby, 17, and Jerry B. Carr, 18, were treated for lacerations and released. Carr suffered a fractured right arm.

The car apparently slipped off the shoulder, overturned and struck a tree, shearing it off.

The students were returning from Palo Duro State Park.

Money can't buy everything, but it places its possessor in an excellent bargaining position.

The person who has no fixed course in his life's work will find himself in a number of fixes.

## CHS Athletes Destroy Theory

Football, basketball and track men at Canyon High School disproved the old theory about athletes being dumb during the last school term. Head Coach Bill Davis said this week.

The coach said there were 40 boys in the spring athletic program and all will be eligible for competition next year. "Most of our young men passed all of their subjects, and made good grades while doing so," Davis said.

The grade average for the A-Squad was 83, or B, and the grade average for the B-Squad was 78.

"Our educational program must be first of all for students to learn subject matter and make their grades," he said. "We believe there is a definite place for athletics in this system, also. The young men and women must keep in mind that the first reason they are in school is to learn to be morally straight and mentally alert and secondly to profit from the competition which is afforded them in interscholastic athletics."

There were 11 graduating seniors who participated in the ath-

letic program, Davis said. None failed to pass at least three solid subjects during the year, and all but one graduated. The one who did not graduate lacked one credit, which will be made up this summer, he said.

The seniors were Eddie Boyd-stun, Larry Brotherton, Craig Hinger, Jim Brasher, Bob Winn, Dale Henry, Ronnie Huyck, Jerry Parker, Roy Harris, Wayne Ledbetter and Ross Bond.

"The attitude of these boys is to be commended," Davis said. "They realized the importance of school work and at the same time they were working hard to train themselves physically. All of them trained wonderfully well during the time they were participating in athletics at CHS, and we are all proud of them."

The A-Squad boys, 23 of them, are George Prichard, Jerry Reynolds, Joe Triplett, Mike Poole, Lloyd Triplett, Bill Triplett, Bill Callarman, Jack Breitling, Frank Davis, Jerry Richardson, John Wear, Charles Nester, Tommy Henderson, Richard Purcell, Jim Killingsworth, Tom White, Bill Cornette, Eugene Howard, Howard Lisle, Leon Henderson, Jimmy Marrs, Zeke Clement and Ronnie Harris.

The B Squad is composed of 17 boys. They are Ralph Cabe, Eddie Cunningham, Richard Green, Jerry Ham, Dwight McGehee, Marvin Hutton, Ted Reece, Art Rhode, Terry Funk, Don Liles, Truett O'Donald, Phil Pennington, Jess Sheets, Jerry Woods, Dick Thompson, Doug Ward and Gail Cox.

### LEGAL NOTICE

**CITATION BY PUBLICATION**  
THE STATE OF TEXAS  
TO MAURICE J. BAER AND CORINNE BAER, THE UNKNOWN HEIRS OF MAURICE J. BAER, DECEASED, THEIR HEIRS AND LEGAL REPRESENTATIVES, THE UNKNOWN HEIRS OF CORINNE BAER, DECEASED, THEIR HEIRS AND LEGAL REPRESENTATIVES, THE UNKNOWN DEVISEES OF MAURICE J. BAER, DECEASED, THE UNKNOWN DEVISEES OF CORINNE BAER, DECEASED, AND THE UNKNOWN OWNERS OF AN UNDIVIDED ONE-HALF INTEREST OR ANY LESSER UNDIVIDED PORTION OF LOT FOUR (4), BLOCK EIGHT (8) OF FAMOUS HEIGHTS, AN ADDITION TO AMARILLO, RANDALL COUNTY, TEXAS, SAID LOT BEING SITUATED IN RANDALL COUNTY TEXAS—  
GREETINGS:

You and each of you are hereby commanded to be and appear before the District Court of Randall County at the Courthouse thereof in the City of Canyon at or before 10 o'clock A. M. of the first Monday after the expiration of forty-two (42) days from the date of issuance hereof, the same being Monday the 29th day of June, 1959, then and there to answer a petition filed in said Court on the 12th day of May, 1959, in a suit numbered on the docket of said Court No. 3766 and styled H. W. Taylor vs. Maurice J. Baer, et al, wherein H. W. Taylor is plaintiff and Maurice J. Baer and his wife Corinne Baer, the unknown heirs of Maurice J. Baer, deceased, and their heirs and legal representatives, and the unknown heirs of Corinne Baer, deceased, and their heirs and legal representatives, and the unknown owners of interests in the hereinafter described land, are defendants, the nature of said suit being one for partition of Lot No. Four (4) in Block No. Eight (8) of Famous Heights, an addition to Amarillo, Randall County, Texas, the same being a part of Section No. 122 in Block No. 2, Adams, Beaty and Moulton, Original Grant-ee, Randall County, Texas, brought by said plaintiff against said defendants wherein the said parties are alleged to own the following interests in said land, to-wit: the said plaintiff H. W. Taylor, an undivided 1/2 interest; and the defendant Maurice J. Baer, if living, an undivided 1/4 interest; and the defendant Corinne Baer, if living, an undivided 1/4 interest; and if Maurice J. Baer be not living, then his heirs or devisees, an undivided 1/4 interest; and if Corinne Baer be not living, then her heirs or devisees, an undivided 1/4 interest; the defendants compositely owning an undivided 1/2 interest in said land. Plaintiff further alleges that the whereabouts of both Maurice J. Baer and Corinne Baer are unknown to plaintiff and his attorney, and that if the said Maurice J. Baer be deceased, then the identity and whereabouts of the heirs and devisees, if any, of the said Maurice J. Baer are unknown to the plaintiff and his attorney, and if the said Corinne Baer be not living, then the identity and whereabouts of the heirs and devisees, if any, of the said Corinne Baer are unknown to plaintiff and his attorney, and if there be other owners of any interest in said above described land, then the identity and whereabouts of such owner or owners are unknown to the plaintiff and his attorney.

Plaintiff further alleges that a fair and equitable division of the aforesaid land or any part thereof cannot be made.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs. If this citation is not served within ninety (90) days after the date of its issuance it shall be returned unserved.

WITNESS: MAVIS HILL, Clerk of the 47th Judicial District Court of Randall County, Texas, GIVEN UNDER MY HAND AND SEAL OF SAID COURT at office in Canyon, Texas, this 12th day of May, 1959.

Seal MAVIS HILL, Clerk of the 47th Judicial District Court of Randall County, Texas, ISSUED this 12th day of May, 1959.

Seal MAVIS HILL, Clerk of the 47th Judicial District Court of Randall County, Texas

### Engaged

Mr. and Mrs. Henry R. Fowler of Canyon have announced the engagement of their daughter, Leah Carmen Fowler, to Robert Blakley, son of Mr. and Mrs. Cecil Blakley, 2201 Milam, Amarillo. A July wedding is planned in Westminster Presbyterian Church in Amarillo.

### Fairview Breezes

Charles Pierce preached to a small crowd Sunday morning. There were no services Sunday evening due to illness in the community.

Mr. and Mrs. Bobby Gauthreaux are parents of a daughter born Friday morning in the Amarillo Osteopathic Hospital. The infant is the granddaughter of Mr. and Mrs. H. H. Shipman and the great-granddaughter of Mr. and Mrs. G. E. Wesley. Nan Earyle and baby returned home Sunday.

Mrs. G. E. Wesley has been in Neblett Hospital for X-rays and observation the past several days.

Mr. and Mrs. Bill Charles of Albuquerque, N. M., and Mrs. Lola Mae Jackson of Midwest City, Okla., visited the women's aunt and her husband, the Bill Martins, of Wildorado, over the Memorial Day holidays.

Margarete Wesley and Richard Culin were married Saturday afternoon. Margarete is the daughter of Mr. and Mrs. Lee Wesley of Kaffir.

The Don Stonebergs brought their eldest sons to their grandmother, Mrs. Georgia Rogers, Sun-

day as the baby is critically ill in an Elk City hospital. Mrs. Stoneberg stayed there.

A number from our community attended the Memorial Day services at Wayside Saturday.

Mrs. Virgia Liston visited Sunday with Mr. and Mrs. J. W. Wesley.

Mr. and Mrs. Charles Pierce and Chuck, and Pat Pierce ate lunch Sunday with J. W. Wesley and later

visited Nan Earyle Gauthreaux and baby before going to Neblett Hospital to visit Mrs. G. E. Wesley.

We understand Kate Folk is back in Canyon after spending several days with her son and daughter-in-law in Lubbock.

The Tongue and Thimble Club will meet Thursday afternoon with Virgia Liston in the Serena Bryan home.

We received over two inches of

rain the past week and quite a lot of small hail but not a great lot of damage.

### SOIL CONSERVATION DISTRICT NEWS

Have you noticed any washes starting in your fields as a result of the recent rains? Maybe you have been thinking about what you can do about it. One of the most effective ways of controlling this washing is by the use of a diversion terrace.

Diversion terraces are designed to handle more water than normal terraces can. Some uses of diversion terraces are: 1. Divert outside water away from cultivated fields; 2. Divert outside water to stock tanks when needed; 3. Divert water away from badly eroded areas or gullies; 4. Divert water into a spreading system; and 5. Break up long slopes in cultivated fields.

If you have decided that you do need a diversion terrace, some of the things that should be done are: 1. Plan a waterway and establish a vegetative cover before construction of the terrace if a good grass pasture outlet is not available; if a pasture belongs to another person, obtain necessary easement to drop this water on it; 2. Contact Soil Conservation District for assistance in the design, layout and checking of the terrace; and 3. Construct terrace to handle expected runoff from the drainage area.

The county A.S.C. office will share the cost of the construction of the diversion terrace by paying 70 per cent of the cost. This will run about 15 cents a running foot. Of course this cost will change with the size of the diversion terrace built.

If you would like to have more information the Randall-Potter Soil Conservation District assisted by technicians of the S.C.S. will be glad to help you with the design, layout and checking of the diversion terrace.

# New Industry Locates in Canyon

Canyon is about to have a new industry that is not only new to Canyon, but new to the manufacturing field.

Two Amarillo men are establishing a factory to fashion dove, duck and geese decoys from styro foam plastic—and if that proves successful, the factory may branch out into seasonal items such as coffee cups, cool-drive jugs and the like.

The new company, Plastics, Incorporated, of Amarillo, is being established in the old ice plant

at 411 Second Avenue. The owners are E. H. Blaker, owner of Blaker Radio and Appliance, and H. Eugene Brown, manager and part-owner of R & R Electronics.

Blaker has been overseeing the conversion of the building from an ice plant to a plastics factory. The work includes removal of cold storage rooms and the installation of a boiler.

Blaker said that the process of using styrofoam for decoys is original with the company, so far as

he knows. The two men built a pilot plant in Blaker's radio shop in Amarillo to test the process.

Molds for the decoys are made for the company in Dallas, using patterns designed by Blaker and Brown. They are of aluminum and are used to form the finished product.

Blaker said the company will receive the styrofoam in bead form—each bead about the size of a pin head. The beads will be expanded by heat, then poured into the molds. Steam heat will bond the

beads into the shape of the decoy.

While the decoy is still in the mold, an anchoring ring and a weight in the form of a steel rod will be inserted. After the decoy is taken from the mold, it will be painted by hand.

Blaker said the base coat of paint will be applied by dipping, then the other colors will be applied by air brush. A Mallard decoy takes five different colors.

The first decoys that will be made by the company will be sleeping Mallards.

Blaker said the target date for first production is in five weeks. The company will sell only to jobbers, and to retail stores or to consumers.

## Extension Service For Dairy Month

COLLEGE STATION — Look to the Milky Way!

This theme highlights the U. S. Department of Agriculture's support of June Dairy Month.

The campaign is built around "a galaxy of dairy dishes" designed to generate increased sales of milk, cream and cheeses, according to the Texas Extension Service.

June Dairy Month is a major national event during which Texas dairymen and other members of the industry join forces to get more dairy foods into hands of consumers.

The Texas Extension Service and the U. S. Department of Agriculture support the dairy industry in this nation-wide marketing campaign because dairy foods are so plentiful and milk production continues to run high.

## Picnic Scheduled

The Panhandle Chapter of the Texas Society of Professional Engineers will have an annual picnic in Thompson Park in Amarillo Saturday. The dinner bell will ring at 6:30 p.m., and arrangements have been made with Kiddieland rides to be available for children from 4 to 6 p.m.

The deterrent to progress in the world is that 95 per cent of the thinking is done by 5 per cent of the people.

## EXPECT FLATTERY

When people ask for your candid opinion they usually expect it to be complimentary.

## State Traffic Death Rate Up

The Director of the Texas Department of Public Safety has warned that there is a "definite upward trend" in Texas traffic deaths even before the heavy summer holiday travel season.

Col. Homer Garrison Jr. said unless something happens to change the trend, it could mean that an all-time record of traffic deaths could be in the making for 1959.

He said the death trend appears to be leveling off at about 10 per cent above 1958, when 2,432 traffic victims were counted, and pointed out this could mean 233 additional deaths this year if the pace is maintained.

"With travel up an estimated three per cent this year, and with the Fourth of July, Labor Day, Thanksgiving and the Christmas holidays yet to come, this could mean we're driving for an all-time high in motoricides on the streets and highways of Texas," the director said.

Garrison reported that as of Friday noon, May 29, at least 833 persons were killed in traffic as compared with 753 for the same period of 1958—an increase of 11 per cent.

"This means 80 more lives were lost in traffic violence," he said. "We appeal to every driver to observe these cold, hard statistics

## Health Service Tests New Method Of Killing Mosquitoes in Homes

There's a new wrinkle in mosquito killing that might come in handy right now in Canyon.

Early reports of experiments suggest that the pesky household devils can be done in without the fuss and bother—or health hazard—of old-fashion spray guns or mist bombs.

The new method has been described in a recent issue of the monthly journal of the U. S. Public Health Service. It consists simply of putting a bag of insecticide in the room during the mosquito season. It was discovered like this:

Scientists at the Communicable Disease Center Laboratory in Savannah, Ga., left work one afternoon and left an unopened bag of insecticide in the large lab room.

Also in the room were some adult mosquitoes on which the scientists had been conducting tests and experiments as part of the constant international struggle against malaria and other forms of mosquito-borne disease.

When the scientists reported for work next morning, most of the mosquitoes were dead. Immediately they suspected that the sealed bag of insecticides—or rather the fumes from it—were responsible for killing the mosquitoes.

In days following they confirmed their theory. They found that

and realize those summer trips are potentially more dangerous this year than last.

"We also must realize it is extremely likely that one of the biggest killers on the long hot summer road is fatigue—an insidious demon that can attack even those of us who observe all the other known safe-driving practices.

"Our statistics cannot reflect how many traffic deaths are caused by fatigue, only that the death car was on the wrong side of the road, ran off the road or rammed into a slower-moving vehicle. They cannot tell us that the driver was asleep, or nodded at the wrong split-second.

"Don't let that vacation enthusiasm cause you to drive when you should be resting. Don't push yourself to make up for lost time. Don't get caught napping at the wheel," Col. Garrison said.

## Mrs. Hildreth Shows Films at Club Meet

Mrs. Mona K. Hildreth, county home demonstration agent, showed films illustrating a well balanced meal when the Pleasant View Home Demonstration Club met recently with Mrs. Roy Henderson.

Mrs. Earl Burtz presided over the business session, in the absence of Mrs. John Jennings, president.

Eleven members answered roll call, each stating the number of years she has been in club work. Mrs. Burtz had been in the longest with 24 years, and Mrs. H. M. Stokes the shortest with two years.

Each member expressed appreciation for what club work had meant to her.

Next meeting will be June 10 with the Wildorado Home Demonstration Club with Mrs. Bill Cunningham of Wildorado.

## Variety Ring To Meet

The Variety Ring will meet at 2:30 p. m. Friday with Mrs. Fred Marshall, 903 Sixth Avenue.

A resourceful man isn't necessarily a man of means.

# GOLDEN ACRES

## Hybrid Grain Sorghum Seeds

All Hybrid Seeds Are Pre Tested in Old Mexico and must be in top 25% of all hybrids tested, before being placed in the Golden Acres bag

You can plant Golden Acres hybrids with full confidence in their performance

**AMAK - 12 (Arizona cert.)** A new red seeded variety which is a cross between Redlan Kaffir x 7078. This seed is recommended only for irrigation. It is a slow maturing variety with high yields under irrigation if you have an ample supply of water.

Taylor-Evans recommends that you try this new variety of hybrid; a hybrid combining high yield characteristics of Redlan Kaffir, the high quality of Arizona certified seeds and good test weight.

**Golden Acres 660** One of the most widely planted of all hybrid varieties. Blooms in 66 days; matures in 110 days. Uniform combine height. Good standing ability. From Combine Kaffir x 7000.

**Golden Acres 608** A newer variety from cross of Martin x 7078. Like Martin, it has excellent combine characteristics. It out-produces Martin. Heads are big, open. Golden Acres 608 matures a few days earlier than the 100 days required by Martin. Unlike more familiar hybrids, 608 produces a large red seed.

**GOLDEN ACRES 650**  
Blooms in 66 days; matures in 105 days. It combines well. Standing ability is good. Seed is pale red, medium sized.

**GOLDEN ACRES 620**  
Blooms in 62 days; matures in 100 days. Good standing ability. Consistently a high yielder in experiment tests. Dry-headed. Uniform combine height.

**GOLDEN ACRES 610**  
A medium early variety of combine height. Blooms in about 62 days. Matures in 100 days. Semi-dry headed. Good standability. Yields recorded have been greater than Martin, Redbine 60, and Combine Kaffir 60.

**GOLDEN ACRES 601**  
Matures in 98 days. Blooms in 58 days. Dry-headed, of uniform combine height. Excellent combine characteristics.

**GOLDEN ACRES 590**  
Blooms in 58 days; matures in about 90 days. Excellent combining characteristics. Good standability. Large, pale red seed.
